A Specialist Mathematics, Science &
Technology College with Academy Status

NEWSLETTER

Week Commencing: Monday 2 July 2018

F6 APPLICATIONS

We were delighted to see so many of our Year 10 students attended the F6 open evening in June to find out more about options for Post 16 study.

It may seem like a long way off, but we would like to remind you that the deadline for submitting applications to join F6 is Friday 19 October 2018.

For students unable to attend the open evening in June, we will be running some additional open mornings on 25 September and 9 October 2018.

Please contact Mrs Simpkins to book space at one of these events, and to find out more about what F6 has to offer.

YEAR 11 TO 12 CURRICULUM EVENING

We were delighted to welcome a large number of Year 11 students and their parents to the Fullbrook 6 curriculum evening to learn more about studying from the 27 subjects we have to offer at Fullbrook 6 next year. Despite the heat and England's most heralded World Cup fixture, the evening was well attended. We look forward to welcoming students to Year 12 and a new phase in their education in September.

YEAR 6 TO 7 TRANSITION EVENING

We were pleased to see parents of our new Year 7 students this week and to have the students at Fullbrook for 2 days participating in transition activities. We look forward to welcoming the new year 7 cohort in September.

YEAR 9 EXAMS

Well done to Year 9 who completed their first set of formal exams this week. Year 9 students conducted themselves well and quickly learnt new procedures to start to prepare themselves for their real GCSE exams in 2 years' time. We were very proud of their mature and sensible approach to their exams.

YEAR 13 LEAVERS BALL

It was the turn of our Year 13 leavers to take centre stage on Friday 29 June, as they celebrated the end of their Fullbrook journey in style. The event provided the perfect occasion to relax after the last two years of hard work filled with studying for their A-Level examinations.

For many students this was the end of a 7 year journey with Fullbrook, while others have been with us for a much shorter time. As a school we are incredibly proud to have been able to play such a pivotal role in their education, regardless of the length of time the students have spent with us.

We would like to wish all our Year 13 leavers every success as they embark on the next part of their adventures, wherever life may take them.

“Be yourself; everyone else is already taken.”

Oscar Wilde

YEAR 10 WORK EXPERIENCE

Next week is Year 10 work experience when over two hundred Year 10 students will get a taste of the world of work. Students are undertaking a wide range of exciting opportunities this year in engineering, hairdressing, retail and education to name but a few. We look forward to hearing from them about their experiences the following week.

DEEP LEARNING DAY 6

Next Friday 13 July 2018 students will be taking part in a variety of trips, visits and activities on the final deep learning day of the year. If your son/daughter is taking part in a trip please remember to return all required permission slips if you have not already done so.

DISTRICT ATHLETICS CHAMPIONSHIPS SUCCESS

On Tuesday 26 June, 64 students from Years 7-9 travelled to the District Athletics Championships at Sheerwater Athletics Track. The standard of Athletics we witnessed from all schools, but particularly from Fullbrook students was incredible.

Across the 3 years competing, our athletes took podium places in 18 different events, with 6 also achieving personal bests in their disciplines.

Overall, out of 14 schools competing, our Year 9 Boys came 2nd overall (2 points behind 1st!), and the Year 7 Girls were 3rd overall.

Congratulations to everyone who represented Fullbrook at this event, and well done for demonstrating our core values to the fullest.

DATES FOR YOUR DIARY

Friday 6 July	6:30pm	Fullbrook Music Department Concert
Thursday 12 July	6.30-8:30pm	Sports Presentation Evening
Friday 13 July		Deep Learning Day
Friday 20 July	12:30	Early closure – End of Term
