

Careers programmes

The Fullbrook Careers Hub can be found in the “Our School” section of the school website.

<http://www.fullbrook.surrey.sch.uk/careers/>

Start software

Start is an online **careers** platform designed to connect 11-18 year olds with their future **career** potential.

<https://www.startprofile.com/>

Students are provided with an access code and instructions, and are helped with setting up a user profile for the Start careers platform in year 7. We are rolling this programme out to all students in Years 7 – 13.

More information is provided on the Careers Hub on the website.

If a student has not set up their account they should speak with their Head of Learning who will need to send them the access code. If a student has set up an account but forgotten their password they should click on the “forgot password” link to re-set it.

Other careers websites

There are a number of other organisations offering support for career development. These schemes are open to anybody. We have listed some of those we are aware of below.

Career ready employability programmes
