

# Apprentice roles 2021

Applications for Thames Water's apprenticeships are open and interested students should apply as soon as possible.

This year, there are a number of roles available across level 3 (open to GCSE students or higher) and levels 4, 6 and 7 (suitable for A level students).

Students can apply for one apprentice role each year. In 2021, the following opportunities are available:

- Level 3 - Mechanical & electrical engineer
- Level 3 - Electrical & instrumentation engineer
- Level 4 - Automation and control technician
- Level 6 - Laboratory analyst
- Level 6 - Process engineer
- Level 6 - Research scientist – chemical
- Level 7 - Systems engineer
