EXAM INVIGILATOR SHORTAGE – CAN YOU HELP?

We are still looking for extra invigilators for a few key dates during the GCSE and A Level examination period.

As these are public examinations, the requirements on the number of invigilators needed for each exam is set by the JCQ and to have that number available to run the exams.

If you have the time, and would like to help support our Exams Officer and students with this year's public examinations then please view the information on the [vacancies](#) section of the Fullbrook website.

COVID-19 UPDATE FROM SURREY COUNTY COUNCIL

We have received an update from Surrey CC with the latest national government guidance on managing respiratory infections, including Coronavirus (COVID -19). In essence, their advice is that Covid should be treated in a similar way to general respiratory infections.

Key things to be aware of include:

- Students with **mild symptoms** such as a runny nose, sore throat, or mild cough, who are otherwise well, **can continue to attend their education setting.**
- Students who are unwell and have a **high temperature should stay at home** and avoid contact with other people until they no longer have a high temperature
- If a student has a **positive covid test result** they should **stay at home for 3 days after the day they took the test** and avoid contact with other people
- Students who **live with someone who has tested positive** should **continue to attend school** as normal.

Please email info@fullbrook.surrey.sch.uk to let school know if a student tests positive for covid, or if a student is admitted to hospital owing to a respiratory infection.

The full guidance can be found on the [Gov.uk website](#). See pages 20 and 21 of the document for advice on respiratory infections.

LRC SPOTLIGHT

Mental Health Awareness week starts next week (9-15 May).

In the LRC we have created a 'shelf help' area with comfortable seating where students can sit quietly and read.

We are building our collection of mental health awareness books aimed at teenagers, covering issues such as self esteem, anxiety and stress. We also have a number of fiction books which highlight a diverse range of challenges that teenagers and young people face today. Conversations about

mental health has never been more important and having a range of resources available in the LRC helps reassure students that they are not alone if they are struggling.

SPRING CONCERT SUCCESS

Last Friday night we had our Spring Concert and the performances from our students were excellent. It was still only our second proper concert after Covid, so a large number of them were new to performing, which made their participation even more wonderful. A big thank you to everyone who took part, came along to watch, and to the staff who provided support to make the evening so enjoyable.

WORD OF THE CYCLE

It's time for our next Word of the Cycle, which we'll be incorporating into lessons and tutor times with students. We would be grateful if you could continue to support this by using the word in conversation at home.

Principle (noun): a rule that is generally true.

Example: *The basic principle was that those who worked hard would be rewarded.*

MFL WORD OF THE CYCLE

Our next Modern Foreign Language (MFL) Word of the Cycle, which will be incorporated into MFL lessons in a similar way to our normal Word of the Cycle is below.

English: Principle – e.g. *It is important to respect the principle of equality.*

French: Principe – e.g. *il est important de respecter le principe d'égalité.*

Spanish: Principio – e.g. *es importante respetar el principio de igualdad.*
