

CAREERS BULLETIN

This is a collation of all the opportunities we have heard about from employers and universities. Please use the links included to read more information and apply to anything you are interested in. Links are underlined.

OPPORTUNITIES

Did you know that grants are money you receive and do not have to return? Grants are available to lots of different people for lots of different reasons. For example, if you are the first in your family to go to university, you may be eligible for a grant. You have to meet certain eligibility and apply.

Springpod currently have applications open for their work experience opportunities this summer. They have programmes with NHS, Fujitsu, Civil Aviation Authority, Barclays, Siemens and loads more! You can check them out here.

Historic England are currently recruiting for a Level 3 and Level 4 Digital Support Technician Apprentices. They offer free application support, you just need to send them an email: student@pathwayctm.com

Are you interested in finding out more about working for employers like Mercedes, HSBC or Innocent Smoothies? The Provider Profiles on the Not Going to Uni website allow you to see their current opportunities, watch videos, read blogs and hear case studies from their current employees. You can even set up alerts so that when companies you're interested in add jobs, they come straight through to your inbox.

Moving to university is a big step and can be a daunting one. In this webinar on 11th July, Queen Mary University of London will explore making the change to university life and what to expect when you arrive. Sign up here.

Lots of universities are now running in person, face to face open days. It's never too early to start exploring your university options. Have a look at the open day dates here.

JOB OF THE WEEK

Astronomers study the origin and structure of the universe, including its planets, stars, galaxies and black holes. You can earn up to £60,000 per year and expect to work 38-41 hours per week, this will include nights. There will be 3.4% more Astronomer jobs by 2026.

You can read more about this here.

LABOUR MARKET INFORMATION FACT

We share LMI in this little box every week. Some you might find interesting and other weeks may not seem relevant to you.

You can use this website to look at salaries, number of vacancies and other useful facts. You can also compare two different roles.

If you have any questions or need support, please contact hewittd@fullbrook.surrey.sch.uk

CAREERS BULLETIN
